The Kick-off will be held 6:30 pm, May 7th, 2009 at Monty's Raw Bar restaurant at the Miami Beach Marina. The awards banquet will be at Texas de Brazil, Miami Beach Marina, at 6:30 pm Sunday night.
2. The rules will be strictly enforced and all decisions of the rules committee are final.
3. The tournament committee will be notified of any angler or boat substitution prior to checkout. Checkout will begin at 6:30 am on the breakwater in front of the MIAMI BEACH MARINA tower on "E" pier (the fuel dock) and will be confirmed by radio with the committee boat located at the Marina.
4. Lines in at 8:00 am - Lines out 6:00 pm. Saturday, 8:00 am to 3:00 pm Sunday. Bait fishing is permitted after the boat has checked out before the official start of fishing and after fishing has ended. If bait fishing during official tournament hours all sailfish fishing outfits, rigging and kites must be cleared of the water. Boats must notify the Committee Boat, and receive permission by radio, of their intent to baitfish during official tournament fishing times. Anglers and boats shall return to MIAMI BEACH MARINA no later than 7:30 pm Saturday and 4:30 pm Sunday.
5. There will be NO dead or live bait chumming. Put your dead baits in a bucket. "If it is plastic it is not chum." Ground chum in bags may be used while bait fishing. ***When casting with bait, intentionally throwing the bait off the hook is considered chumming. Casting off more than two baits in a row will be considered by the committee to be live bait chumming, and may constitute a three (3) fish deduction from the team's score.***
6. Maximum line test will be manufacturers stated **20** pound. Bait may be live, dead or artificial. Use of ***non offset circle hooks*** is **MANDATORY (see approved hook list)**. Lures may be used with "J" hooks (no treble hooks). No more than 6 lines may be in the water at any one time. The angler must hook, fight and bring in the fish unaided by any other person. No one other than the angler may touch the line or rod. The fish will be considered hooked at the time of the strike. No wire lines are permitted other than leaders. Leader length is not to exceed 15 feet with double line not to exceed 5 feet for a combined total of not more than 20 feet. A legal release shall be deemed to occur when the swivel, knot, or float between the line or double line and leader touches the rod tip, or a crew member touches the **leader**. Fish should be cut off as low on the leader as possible.

**\*NO intentional jerking of the leader to break off the fish is permitted\***

**7.** Billfish (marlin, sailfish, spearfish and swordfish) will be scored at **one (1) point per fish** . The total of two days fishing will determine the winning team (one day fishing will constitute a valid tournament, see rule 14). At the discretion of the Tournament Committee, Teams may be subject to polygraph tests. Any angler(s) awaiting fish entry at 7:30 pm Saturday and 4:30 pm Sunday will be

allowed to enter those fish if their boat is within the MIAMI BEACH MARINA area and has been cleared by radio. In the event of a tie the "last fish caught first" rules applies. All anglers entering billfish releases must submit a tournament release form by the end of weigh-in each tournament day. Writing each confirmation number on the release form is mandatory. All forms must be signed by the angler and captain. Failure to turn in release forms constitutes a disqualification of that days catch.

**8.** Tournament vessels must provide their own digital camera. Teams will be instructed to initialize their camera each day with a tournament directed photo of one of the colored photo catch verification cards. Each set of release photos must show the angler fighting the fish, the fish photographed, approximately thirty (30) feet or closer to the boat, showing that it is a billfish. After receiving a confirmation number from the Tournament committee, the team will be instructed to take a photo of one of the colored cards as mandated by the Committee. Each release for the Team will be followed by a different photograph of another colored verification catch card, thereby initializing the camera for the next release photo. At the end of fishing each day, along with the team's catch cards, the camera and memory card will be brought to the weigh station for review. All photos become property of the Tournament and Teams expressly permit their use by the Tournament Committee.

**9.** After releasing a billfish, notify the Committee Boat by radio with your boat name and the angler's letter. The Committee Boat will acknowledge information given with a confirmation number and color of the card to be photographed. Boats unable to make radio contact with the Committee Boat shall contact another boat for a relay. The Committee Boat will acknowledge all releases by radio to all participating boats. VHF Channel 82 is reserved for the Official Tournament Committee boat. VHF Channel 79 will be used as an alternate.

**10.** All hookups must be called in to the committee boat during the last 10 minutes of the tournament each day.

**11.** Any protests concerning the tournament must be made in writing by the end of weigh-in and accompanied by a \$100 no-refundable check made payable to The Sailfish Tournament LLC.

**12.** In consideration of the tournament's acceptance of an angler entry, each registered angler specifically agrees and consents to voluntarily submit to a polygraph examination or examinations, to be conducted by a polygraph examiner selected by the Tournament Committee, at any time until the prize winner is determined and announced. Further, each registered angler agrees to obtain the agreement and consent of each and every occupant of the boat from which the angler fishes during the tournament, including, but not limited to the captain and crew, to submit to a polygraph examination or examinations as described above. The method and conduct of all polygraph examinations, and the interpretation of the

results thereof, shall be in the sole judgment of the polygraph examiner appointed by the Committee, whose opinion shall be final. If any registered angler or occupant of a vessel refuses to submit to

a polygraph examination or if any registered angler or occupant gives a response which, in the sole opinion of the polygraph examiner is not accurate or truthful, then at the discretion of the Committee another member may be polygraphed. Should both members fail the Team shall be immediately disqualified without further notice by the Tournament Committee. Any registered angler so disqualified shall not be entitled to any prize, award, or entry fee refund including attorney's fees they may suffer arising out of this fishing tournament.

**13.** All boats, anglers, crews and guests fish at their own discretion and at their own risk. All participants and guests in THE SAILFISH TOURNAMENT indemnify and hold harmless all members of the Tournament Committee, sponsors, press and their agents and employees from any and all liability, loss or damage including attorney's fees they may suffer arising out of this fishing tournament.

**14.** Participation by at least one member of each team at the Captain/Angler meeting is mandatory. If inclement weather necessitates the cancellation of one day of fishing the tournament shall be determined on the basis of only one days catch. This shall only be done if the weather is considered unsafe by the angling committee.

**15.** Tournament boundaries are inside a line extending to the east of Carysfort Light on the south and the lighthouse at Hillsboro Inlet on the North out to 25 nautical miles offshore. Boats may not fish to the north or south of these perimeters. If a fish is hooked, and during the fighting of the fish a boat exceeds the boundary, they may continue to fight the fish. If however any additional fish are hooked while outside of the boundary these will not count towards release points.

**16.** No boat may aid another boat or angler in getting to the weigh-in unless that boat has broken down. The disabled vessel must call the Tournament Committee and inform them as to the reason for an assist and obtain permission to effect the transfer and delivery of their catch cards. At least one (1) team member must accompany the catch cards and camera to the weigh-in and must arrive in within the prescribed time frame.

### **SPORTSMANSHIP RULES**

**17.** Unsportsmanlike conduct will not be tolerated. If a boat intentionally cuts off another boat's fish, lines or kite gear, they face disqualification from the tournament. It is the responsibility of the receiving boat to photograph the incident. Other forms of evidence will also be taken into account.

**18.** No boat shall intentionally infringe into the area of another boat's kites. Other teams may not place their boat or throw baits under another boat's kites. The boat's area is constituted by an imaginary line descending straight down from their kite(s). Violators are subject to a three fish penalty.

**19.** If one boat is fighting a fish and asks another boat to give way, the giveaway vessel must make every effort to yeild to the boat fighting the fish. If both boats are engaged with fish, both vessels should attempt to work together in a sportsman like manner. Failure to yield may result in a three fish penalty.

**20.** Violating any tournament rules may constitute grounds for disqualification. Should a boat be disqualified for rules violations no refund of tournament fees will be given.
